The dangers of COVID-19 vaccine | TheCable

by Chris Okotie

This article is an excerpt from my broadcast on YouTube concerning the Covid-19 pandemic. It deals with the issue of the vaccine being prepared to fight the virus. You may have to listen to the full broadcast to fully understand what I am talking about here. Here is the link- https//youtu.be/8uPbf7TOKbQ
What the devil has attempted to do, is to create the pattern of communion in this situation. How? Communion involves that which is solid, and that which is liquid. The bread is solid, the wine is liquid. That's what this vaccine project is all about.

Bill Gates, as Commander of the Ten, like I mentioned in the numerology of his name, has dealt with the solid, which is what the bread is, by affecting what we eat, in what is called GMO; Genetically Modified Organisms, now found in what we eat. This is the pattern for the bread. The vaccine on the other hand, brings the liquid to you, just like the blood, and it is injected into you. So, it is received into you, because, when you drink the wine, it goes into your system, so that when you consume the GMO's, and you receive the vaccine, you bring the body and blood together; so to speak, just as it is in communion; the body of Jesus Christ and His blood. That's what replicates that pattern. And I told you that the reason for the communion is because it affects you on three dimensions: Your eyes, your vision. Your mouth, the words that you speak, because, the power of life and death resides in the tongue. Your hands, your enterprise, what you can do.
So, what Bill Gates is doing; under the auspices of the United Nations, is to make sure that you receive the food … Many people did not complain about GMOs', because they didn't understand where this was leading. They thought it was just changing whatever nutritional values these things have. They did not understand the spiritual import: But now, they do.

So, when you eat the genetically modified organisms that you eat, and you take the vaccine, you've entered into communion with Satan, with Lucifer, and that communion involves blood. Now, since the blood of Jesus is not what he's talking about, or what he has to offer, he will require you to seek blood somewhere else, and the only place that you can find blood, is another human being. So, one of the things that the vaccine will make you do, is to become a 'vampire', who needs to drink blood for sustenance. But we as Christians, we don't drink blood, we drink the wine, which is an emblem of the blood, and that sustains us spiritually. But his communion will require you drinking blood spiritually, so that you are a vampire for your sustenance. That is why you have seen all of the movies about vampires.

Hollywood is one of the mouthpieces of the god of this world. He has many prophets there that are directors, and a lot of actors and producers. You say, why does he say what to do ahead of time? Because he is an imitator of scripture; of our God. Martin Luther called him the ape of God. He imitates God, because God; through prophecy, will tell you what He wants to do ahead of time; and you can't change it. So, to provide the same pattern, he has his people telling you

things, like Rockerfeller Foundation, and all these things that they say to you; ahead of time: And they assume that there is nothing that you can do about it, because this thing going on now, was already predicted, they already talked about it. They MUST provide the pattern ... The pattern, because that's where the power comes through, so, they must provide that pattern.

That's why they do their movies, to tell you what they are going to do, because the drugs inside this vaccine, will make you a zombie; you are a walking cadaver, you're neither dead nor alive, so, you can be controlled by the power of Satan ... Zombified, so he can control you. He has the power, that's why it's called sorcery. In the book of Revelations, when the Bible talks about the reason why the people on earth cannot turn away from their sin, even though the judgment of God is manifest, the Bible says it's because of their sorceries. That word is a translation of the word Pharmachaea; it's a reference to drugs. That is not talking about drugs that you can easily swallow, or pills that you take, because, that will be too expensive for the devil; to turn all of the world into drug addicts; all of us. Now, he can do that, so, the easiest way to do it, is through vaccines.

So, everything he needs to put in the drugs, is in the vaccine. That's why you see in the movies that deal with witchcraft like Harry Porter, things like that, you will see them stirring this liquid, because, when you take that, that's the drug, that's the pharmachaea, the reference to the drugs. It opens doors in the soul realm, in the mind realm, that God had shut, because of the sin of Adam. That's why those who play around with drugs, when they take these drugs, they begin to hallucinate, and they begin to see things. Because doors that were shut, are open, because when you take these things, you become susceptible to witchcraft, and you can now leave your body into what they call astral travels, and things like that. You need those things as a catalyst, they facilitate the movement from physical into the spirit realm. And all of those things are in the drugs.

So, just as communion connects you to the Lord, through the bread, which connects you to the body, which gives you healing, and the wine connects you to the blood, which gives you forgiveness. That's exactly what the devil will do, or is already doing. The GMO's will connect you to Lucifer, the vaccine will connect you to Lucifer, concerning your body and your spirit, or your soul, so he can control you. That way, he can determine the population of the world, because, all he has to do, is command you to die; you kill yourself. Or command the disease to kill you, and he can reduce the population of the world through that, or turn you into a zombie, just like I said: he can do that. And he controls what you say, because that's what communion does. Our mouth has power of life, and for Satan to control our mouth, we must begin to say words that are contrary to the Bible.

In the New Testament, there are two words that describe evil. There's the word, kakos: When a man is doing evil, and just wants to do evil, and deals with the consequence of that evil, he doesn't care about anybody else. He just wants to do evil, and then he'll bear the consequences. But there's another word called, poneros, which is used to describe the evil of this world. That is evil that is done by a man and he does it in such a way that he drags you down by the evil that he commits. So he wants you to be a partaker of the consequence of the evil, even though you did not partake in the evil, because those two words are used to describe Satan's operations.

Kakos; people who do evil on the internet, and then do not care about anyone else. They just purveyeur, they sell evil, they do evil, they attract evil, they communicate evil with the things that they say, they blaspheme God, they speak enchantments and divinations contrary to the word of Almighty God. Then you

have others who are poneros evil, who do things to seduce others, so that they can participate in the consequence of the evil, and drag you down with them.
